DOMINATOR ROLLER DOORS

When it comes to protecting your assets and business, you can't buy better than a Dominator Roller Door and opener.

Available in a wide range of colours, you'll enjoy advantages like its smooth, quiet, friction-free operation along with Dominator's commitment to quality and reliable operation for years to come.

With over 30 dedicated Dominator Dealers across New Zealand, we pride ourselves on being local and offer the highest levels of customer service and support. All of our dealers undergo extensive training on all aspects of our products, including installation and maintenance.

When you buy a Dominator Roller Door, you're buying decades of innovation, quality and genuine care.

CHOOSING A DOMINATOR DOOR IS EASY.

Step 1: Discover your options

Talk to your dealer or visit www.dominator.co.nz to find out all the available options, including colour, style, finish, opener and accessories.

Step 2. Onsite consultation

Call your local dealer or 0800 DOMINATOR (366 462) to book a free site measure and quote.

Step 3: Installation

We'll advise you on manufacturing times, and make sure we deliver your garage door on time. Your dealer will book in a time to install and demonstrate your new garage door and opener.

WEATHER RESISTANT

The multi-fin design and deep cushioning, creates an effective seal against wind and leaves.

TRUE ALIGNMENT

The galvanised steel tension strip provides providing vertical rigidity on higher industrial doors.

PRECISE MOVEMENT

The side edge roller with Teflon-coated surface ensures the door operates smoothly.

FAST & EASY OPERATION

The factory aligned reduction gearing system ensures fast operation with minimum effort.

PERFECT BALANCE

The computerised spring selection ensures consistent balance and reliable ease of operation.

SMOOTH, QUIET OPERATION

The nylofelt running strips provide smooth, quiet, friction-free operation.

DOMINATOR[®] ROLLER DOOR SERIES A

The stylish yet subdued fine-line ribbed pattern compliments virtually any house style – from contemporary to traditional – smooth-wall, weather board, brick or stone.

Experience the functional advantages, like the smooth, quiet operation and the maximum use of the space, both on your driveway and inside your garage.

SECURE DOOR OPENERS

Dominator garage openers provide sophisticated design along with Tri-Tran+ remote control technology for added security. With over 309 trillion trillion possible code combinations, combined with our proven multi-frequency platform, peace of mind has never been more assured. Our openers also offer Intelligent Sensitivity System (ISS) which stops the door moving if there is an obstruction, and Pet & Pedestrian Mode which provides a limited opening for non-vehicular access.

	SOFT START AND SOFT CLOSE
	LOGIC CONTROLS WITH LCD SCREEN
	MANAGES UP TO 511 TRIOCODE [™] 128 TRANSMITTERS
2	2 YEAR 5,000 CYCLE WARRANTY*

OPTIONAL ACCESSORIES

ENTRY KEY PAD

Optional keypad allows entry to the garage without a remote transmitter. Simply use a PIN to enter the house rather than using a transmitter.

INFRA-RED SAFETY BEAMS

Infra-red safety beams are perfect if you have young children or pets. If the beam is broken while the door is closing, the door will automatically stop and reverse. We strongly recommend the use of infra-red safety beams on all automatic garage doors.

EMERGENCY KEY RELEASE

Allows your garage door to be disengaged and operated manually from outside when there is no other garage access available.

RECHARGEABLE BATTERY BACKUP

In the event of a blackout or other break to the power supply, the opener will still be operational with a rechargeable battery backup.

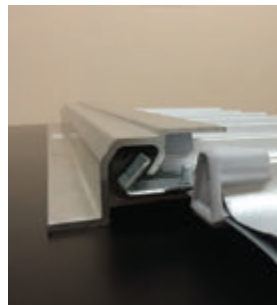

SECURITY SYSTEM COMPLIANT

Dominator openers can be wired into alarm systems. This allows your remote to arm and disarm the alarm.

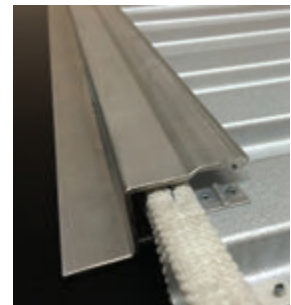

BIRD PROOFING

If you want to deter birds from entering and nesting in your building while the roller door is closed, the addition of a bird proofing brush strip along the lintel is the perfect solution.

WINDLOCKING – SERIES C

A heavy duty guide and clip design that ensures the door is held captive in the door track when exposed to high wind situations, to reduce the risk of blow-in blow-out wind forces, as well as forced entry.

WINDLOCKING – SERIES A

A unique guide and clip design that ensures the door is held captive in the door track when exposed to high wind situations, to reduce the risk of blow-in blow-out wind forces, as well as forced entry. Domestic only.

DOMINATOR COLOUR CHART

TOUGH AND STYLISH STEEL

When it comes to manufacturing our garage doors, we only use the best materials. All of our pre-painted steel is made and tested for New Zealand conditions. Dominator prefers to use COLORSTEEL® where available, to provide excellent colour performance and is scratch resistance.

The colours in this gallery are intended as a guide only. Image editing procedures used in this brochure may also result in the colour of products not being a true representation of those actually available. If colour selection is critical please request a steel colour sample from your local Dominator dealer. Please make contact with your Dominator dealer for advice and samples. Dominator reserves the right to change/delete colours without notice.

* Normally accepted imperfections that are inherent with flatter door styles may be visually enhanced by darker door colours such as those marked.

^ Primarily an Australian Colorbond® colour.

- a. Industrial Rolling doors, in normal commercial use, are covered by a 12 month warranty for steel door curtain, surface coating, locking mechanism and all other components and all associated labour; conditional on proper care guidelines. Full details of the warranty and care guidelines are available from www.dominator.co.nz. Warranty only applies to doors purchased and installed in New Zealand. Warranty only valid if warranty conditions are met.
- b. Rolling and Flex-A-Door doors, in normal residential use, are covered by a 5 year warranty for steel door curtain, 12 months on surface coating, locking mechanism and all other components and all associated labour; conditional on proper care guidelines. Industrial Roller Doors, in normal commercial use, are covered by a 12 month warranty for steel door curtain, surface coating, locking mechanism and all other components and all associated labour; conditional on proper care guidelines. Full details of the warranty and care guidelines are available from www.dominator.co.nz.
- c. Warranty only applies to doors purchased and installed in New Zealand. Warranty only valid if warranty conditions are met.
- d. For areas within one kilometre of a corrosive environment e.g. salt air or industrial fallout, special care and maintenance are generally required for metal products. Consult your Dominator Accredited Dealer for advice.
- e. The process of roll forming sheet steel may cause irregularities in flat panel surfaces. Dominator prides itself on producing quality products and makes every effort to limit this visual effect where possible.
- f. The company reserves the right to make changes or improvements to the products or accessories without notice and without incurring any obligation to make similar changes or improvements to goods previously ordered. Specifications subject to change without notice.
- g. While New Zealand Steel Limited is our preferred supplier, steel products from other sources may also be used.
- h. Details correct at date of publication.

As with all types of garage doors, for optimal trouble free performance and safety, we recommend you have your door serviced once in the first 12 months and then at least every 2 years thereafter. Dominator® is a brand of B&D Doors (NZ) Ltd. Ph. +64 3 384 5145
